

Victron Energy official supplier for Najad

Henån – December, 2004 –The new cooperation with one of Swedish largest boat builders, Najad is now a fact.

Najad, a boat yard with a worldwide reputation and a team of professional boat builders and craftsmen, is known for its combination of traditional craftsmanship with today's state-of-the-art technologies. After a pleasant meeting at the premises, Victron and Najad agreed on a brand new cooperation to start immediately this year.

Najad's yachts will be equipped with the Phoenix MultiPlus range. *"We are proud to have become Najad's official power supplier and are looking forward to this cooperation"* was the comment of Johannes Boonstra, area manager for Scandinavia who took part in the negotiations.

Najad's yachts: a unique combination of tradition and technology
