

Enclosure dimensions Phoenix Inverter 800-1200

www.victronenergy.com

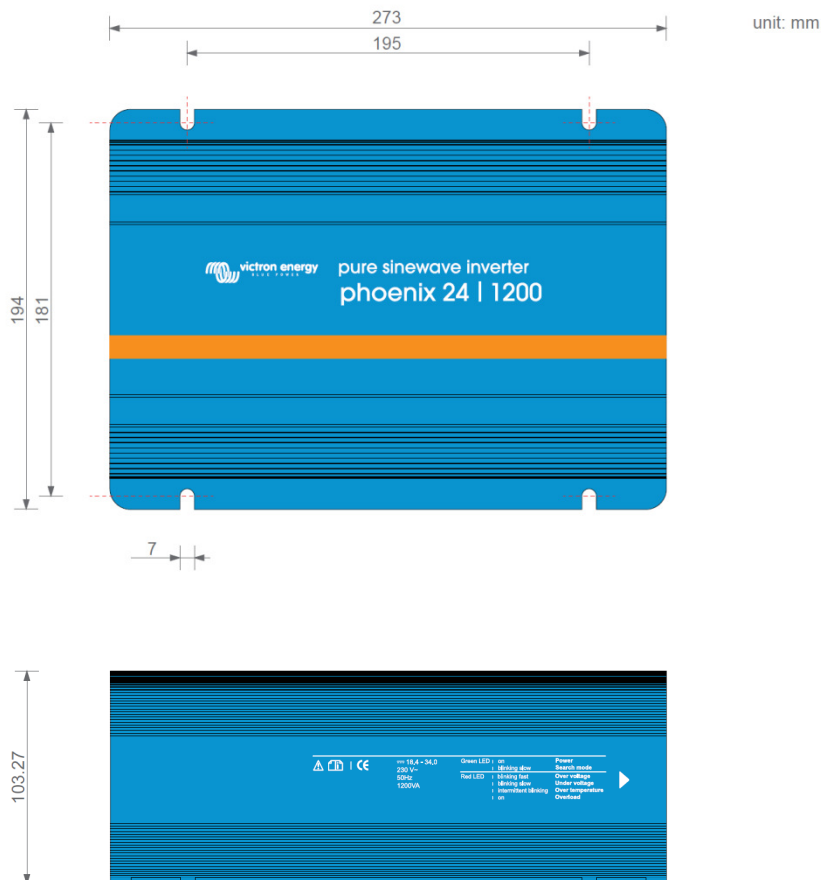

Note: mounting options were improved in May 2013. Therefore there are two types of enclosure: rev. 0 and rev. 1. It will take a while before all models are shipping with the new mounting positions. Refer to the weekly emailed stock and delivery list to find out which revision is currently shipping for a model.

Revision 1 – Dimensions are valid for below products, with production week HQ1309 or later.
